

HDMI Switch 2x1 Cable Type

HDS02-21P

The HDMI Switch 2x1 Cable Type is a device that can switch from two sources to one display output. It has intelligent and key press switching function that sends high definition audio video signals to a high definition display. All inputs accommodate various resolutions up to 1080p at the same time from any one of two sources to the display unit. The converter is compatible with HD-DVD, PS3, Xbox36, and others. It also saves both time and cost using one HDMI cable.
